WHAT TO BRING: ***Complete the following forms and bring them with you to your appointment.***
You are welcome to bring a family member or a friend for support.

PARKING: Park in the Wege Parking ramp, which is located at 300 Lafayette.
Parking is FREE of charge at Saint Mary's Health Care.

COST: We at Saint Mary's Center for Diabetes and Endocrinology value being a partner in your health care. You will have the opportunity to be evaluated by multiple members of our Diabetes and Endocrinology team and many of the necessary diagnostic studies can be completed at the same visit. Because your care may require the input of different providers and services, you will receive separate bills/copays. As a courtesy we will bill your health insurance company for you. Please be aware that a referral from your primary care physician does not guarantee insurance coverage or payment. You will be responsible for any non-covered amounts. Therefore, we encourage you to call your insurance representative to determine your benefit coverage.
